

Summary for
State Child Health Insurance Program (SCHIP) State Plan Amendment

The State Child Health Insurance Program (SCHIP) state plan amendment provides for the coverage of unborn children. The SCHIP State Plan Amendment also reflects that the Centers for Medicaid and Medicare (CMS) has authorized Arkansas to access SCHIP funding, at the enhanced match rate, for a portion of the ARKids B children. The ARKids B children for whom the State may claim the enhanced match rate are ARKids B children who are not children of state employees and who do not qualify for basic Medicaid.
